Coordinated Response to Side Shows and Intersection Takeovers Course Date: December 4-5, 2023

This 2-day course is designed to provide instruction to prevent and deter illegal sideshows.

Instruction covers every facet of sideshow enforcement to include: Dangers of sideshows, their evolution to what they have become today, tactics and failed tactics previously attempted, officer safety during enforcement, proven tactics through coordination of resources in shutting down and deterring sideshows, legal implications, case law, and establishing local ordinances and prosecution of arrests and citations.

Sideshow Enforcement is recommended for all law enforcement personnel and command staff, especially regional task force groups, and special operations units such as aviation, patrol, traffic enforcement that may be tasked with enforcement at sideshow events.
